From

NITTTR Chandigarh

Organised by

UPTTI Kanpur

In the service of the Nation Since 1914...

About the program

The program is aimed for the development and quality improvement of the faculty members so that they can contribute maximally towards the excellence of technical institutions. The lectures from the experts of NITTTR Chandigarh and other institutions will enlighten the faculty members regarding their strategic planning and management skills. So, the program's objective is to orient and train the participants about strategic planning process with the purpose of better management of the institutions.

Registration

The program is organised for nearly 50 participants only on first come first served basis. There is no registration charge and the faculty members of govt. / govt. aided institutions will be paid T.A. / D.A. as per govt. rules.
