

Govt of Uttar Pradesh Announces

NATIONAL DESIGN COMPETITION on LOW COST HOUSING MODELS FOR URBAN AND RURAL AREAS December 31, 2015

Organized by
Technical Education Department
Government of Uttar Pradesh

and
Dept. of Civil Engineering
Harcourt Butler Technological Institute (HBTI), Nawabganj, Kanpur (U.P.)-208 002

Entries are invited from Indian nationals for Design Competition, which aims at submission of models of low cost housing for urban and rural areas. Models can be submitted covering the areas of low cost housing like development of new building materials, construction techniques, energy efficiency, NBC provisions, green buildings etc., apart from giving solution for region-specific challenges in the State. The participants will submit their low cost housing models, which will be evaluated by a jury and best three models will be suitably acknowledged and rewarded.

Who can participate?

Professionals, academicians, builders, contractors, field engineers, architects, researchers associated with construction industry and group thereof. It is desirable that the participant associates students of Engineering and Architecture Colleges of the State while designing the models.

Last date of model submission: 31st December, 2015

Venue:

Department of Civil Engineering
Harcourt Butler Technological Institute, Kanpur
