

## About Uttar Pradesh Textile Technology

### Institute, Kanpur

**Uttar Pradesh Textile Technology Institute (Earlier known as Government Central Textile Institute),** Kanpur is a premier textile institute of North India. It made a modest start in 1914. However in 1937, Govt. Central Textile Institute came into existence in its present form by merger of two premier textile institute i.e. one at Kanpur and the other at Roorkee i.e. Department of Textile Technology, Thomson Civil Engineering College of Roorkee. In the year 1959-60 four year degree Programmes in Textile Technology & Textile Chemistry were started. In the year 1976-77 the institute pioneered in starting a four year degree programme in Manmade Fibre technology. Since 1985 institute has been running graduate and postgraduate Programmers with Ph.D. research facilities. The fourth degree programme in Textile Engineering was added in 2005.

The institute is organized into four Textile departments along with individual departments of Basic Sciences and Engineering. All Textile departments offer B.Tech. Degree and Textile Technology and Textile Chemistry departments offer M.Tech degree. Facilities for doctorate level research also exist in all departments.

### Short term training course theme

World over, libraries are constantly facing challenges to meet the ever increasing expectations of users. Therefore, it is high time that libraries upgrade their services and systems using innovative approaches and making use of latest technology to fulfill ever increasing users' expectations. Open source software for automation

and modernization of services offers a great opportunity for librarians and has come handy in meeting users' expectations. Keeping this thought in our mind we have tried to give a platform to the library professionals to groom themselves The participants nominated for this program are expected to find it a great learning and sharing experience due to the content and context of the topic and eminent trainers, having long experiences in academics and library administration.

The training course will provide enormous opportunities to enhance knowledge and experience in various fields such as:

E Book Access in libraries.

Procurement, management of books.

Trends, new models and tools.

Impact of E books on learning.

Acquisition and collection development.

Preservation of library materials. Open access and resource sharing.

Social media and its application in libraries.

New and emerging Resources, product and services

### Source of inspiration

Govt. of Uttar Pradesh through IRDT Kanpur has initiated to conduct training course for teaching and non teaching staff of different institutions. The Institute of Research, Development & Training is the only institute of its kind, established by state government, as a part of Department of Technical Education, U.P. having an independent status and is situated in its own campus. Keeping in view, the fast growing advancements of technology in its emerging areas, need of research and development and trained manpower inspired such courses.
